

ResMed Therapy Plan FAQs – Consumer

Pre-purchase

1. How do the therapy plans work?

It's simple. Select one of our available ResMed Therapy Plans, and you can own and take home with you today all the items in the Starter Pack. Purchasing a ResMed Therapy Plan removes the full upfront payment cost of purchasing your CPAP therapy equipment. Just pay the initial instalment fee, and you'll be well on your way to better sleep.

The weekly instalment amount will be deducted from your credit card on the day listed in your therapy plan for a period of 36 months (156 weeks). Your replenishment items will be conveniently delivered to your address at scheduled intervals specified in your plan.

2. What are the benefits of going on a ResMed Therapy Plan versus purchasing the device and mask upfront?

If you're contemplating or are uncertain about going on CPAP therapy because of the large upfront costs associated, don't be. ResMed have designed a variety of therapy plans where you can own your own CPAP device and mask with an initial payment fee, plus simple interest-free weekly payments over 36 months, whilst continuing to receive replacement masks and other therapy items you need to keep your sleep apnea treatment working as efficiently as possible for you. We have tailored our packages so you can choose the one that is right for you to meet your needs and your budget.

All ResMed Therapy Plans include ongoing replenishments that will be delivered at scheduled intervals, designed to maintain your equipment without you having to track schedules or worry about unplanned expenses.

3. What ResMed Therapy Plans are currently available?

To accomplish this, they make use of best-in-class security tools and practices to maintain a high level of security.

9. If I decide to discontinue my ResMed Therapy Plan early, can I opt to pay the rest of my therapy plan off?

Yes, if you decide to discontinue your ResMed Therapy Plan before the total contracted amount has been paid, you will be required to pay the remaining amount of your plan upon termination. Once payment has been made, the remaining ongoing replenishments that are a part of your plan will be delivered to the address specified in your plan.

10. What happens after the contract expires? Will my therapy plan be automatically renewed?

Prior to your plan expiring, ResMed or ResMed Authorised Dealer may get in contact with you to discuss the option of renewing your ResMed Therapy Plan or upgrading to a new plan, if available, that may include ResMed's newest products. If you're satisfied with continuing to use your current device, you will have the option to sign up to a Refreshment Plan, where you can continue to receive ongoing replenishment items to regularly replace and maintain your equipment.
